### The O'Quigley Family History

John Michael O'Quigley was born the first son of Michael O'Quigley. Michael (nee March 10, 1851) was born in the hills of the Northern Counties and his legend was told throughout Ireland. Michael proved a man of valor during the northern uprisings in Derry. A hunted man, Michael's family was forced to hide and stay on the move. Late one Sunday night, determined to take his family to a safer land, Michael gathered his family onto a rickety wooden ship and sailed for the land of freedom. America. Guided by a full moon, a tearful Michael cast his last gaze at the heavenly shores of his Ireland.

Settling in St. Louis, Missouri, young Johnny followed in his father's footsteps as a master blacksmith. Soon, Johnny was hired by a German brewmeister to forge special new shoes and bridle bits for a new breed of horses called Clydesdales. This is where Johnny learned of a new passion. Beer!

An ambitious young man, Johnny wanted to begin a life of his own. In 1892 he boarded a south-bound carriage and befriended a young Scotsman from the mountains of Kentucky. After stopping in Weston, Missouri to unload supplies for a budding distillery, Johnny had found his home. The young Scot hired him to work for what is now known as the McCormick's Distillery Co.

In the cold winter of 1896, Johnny met and married Megan McNeely. Megan was a newly widowed land baroness, whose estate amassed thousands of acres in what is now known as Georgia and Florida. Johnny took to the land with a mighty fervor and turned those lands into orchards, cotton fields and even planted corn for whiskey. He and his wife had two sons, William and Carl, and a beautiful daughter, Molly.

He became known throughout the land as a man of great integrity and work ethic. His wish was for the land to smile upon hearing his family name.

An honorable man, Johnny worked everyday to ensure the happiness of his family and friends.

To this day, the spirit of Olden Ireland, brave Michael, and kind-hearted Johnny are celebrated in the home of O'Quigleys.

(almost true!)
